

## REFERENCE

The company ACCIONA Windpower SA based in Poligono Industrial Barasoain, Parc.2, 31395 Barasoain (Navarra) Spain confirm that the company ProEnergia Sp. z o.o. based in Plock, Al. Pilsudskiego 28/6 has realized in 2012 on the order our company certification the current transformers - 159 pieces and the voltage transformers - 159 pieces. The certification performed at the Laboratory ProEnergia in Plock.

We confirm that the commissioned work has been done in a reliable and timely.

I recommend ProEnergia company as reliable and completely prepared to perform tasks in the field of certification of transformers. On the basis of existing cooperation I recommend ProEnergia to others Clients.
